Facilitate corporate philanthropy with an easy, cost-effective solution.

Establish a fund with as little as \$50,000 and a variety of assets.

Avoid the legal and compliance requirements of a private foundation, including start-up costs, annual filing requirements, governance requirements and annual minimum payouts.

Leverage FFTC for fund management, reporting, and grantmaking services.

Grow the fund over time through a variety of diverse investment options.

Manage the account and recommend grants to nonprofits through our online portal, making giving easy and convenient.

Make grants anonymously, if desired, and avoid the detailed public disclosures of a private foundation, which often generate unsolicited charitable requests.

Name the fund to retain corporation's philanthropic recognition, as desired.

Common motivators for converting a private foundation to a donor advised fund:

- ▶ Management and reporting has become too demanding
- ▶ Burden of keeping up with government regulations
- ▶ Difficulty meeting the annual 5% payout requirement
- ▶ High costs of maintaining the foundation
- ▶ Preference for anonymity
- ▶ Seeking additional grantmaking expertise
- ▶ Aspiration to focus on philanthropy, rather than administration

Converting a private foundation is easy and efficient*:

- 1) Board passes resolution to terminate private foundation
- 2) Assets distributed to a public charity (i.e. FFTC Donor Advised Fund)
- 3) Terminate private foundation
- 4) File final Form 990-PF
